ANNUAL MEETING OF HOCKEY CLUB

The annual meet up of the Blairmore Hockey Club was held at the Greenhill Grill on Thursday evening of last week, when the financial statement for the past year was read and officers for the coming season were elected as follows:

Honorary President—Mr. J. Charbonnier.

Honorary Vice-Presidents—Mr. G. A. Visas, Mr. Raoul Green, Mr. J. R. Smith and Mrs. F. M. Pinkney.

President—W. H. Chappell, Jr.

Vice-President—Mr. Harry Burns.

Secretary-Treasurer—Mr. W. Blyd.

The report for the year was most encouraging, showing a very substantial surplus of funds. Congratulations were in order and the executive in charge of last season's programme were highly commended.

Mr. Morgan, the past president, gave assurance that the hockey team of last season was practically intact for next winter. Mr. Harvey's missing from the lineup, but will be ably replaced by Mt. Connolly, the dashing centre star of last season's Tabor team.

DEATH OF JOSEPH VRBA

Joseph Vrba, a lad of twenty-one years, died in hospital at Lethbridge on Friday of last week, following a prolonged illness of heart disease.

The remains were brought to Coleman and the funeral took place on Sunday afternoon from the Institutional church, following a service conducted by Rev. D. K. Allan, the pastor. The remains were laid to rest in the Protestant cemetery.

Patty Arbuckle has arrived in Germany.

COUNCIL INVITES PROVINCE TO SUE

The regular meeting of the town council was held on Monday night, presided over by Deputy-Mayor W. Patterson. Councillors J. Angus McDonald, J. A. McDonald, Owen Morgan and Evan Morgan, and Secretary Wright were present.

The minutes of previous regular and special meetings were approved as read and a small number of accounts were passed for payment.

Application of P. Ubertino for permission to effect certain changes to the front play of the Orpheum Theatre was granted.

Communication was received from the department of attorney-general in reply to secretary's request for return of \$750, the town's portion of accounts remitted under the Alberta Liquor Act. The communication stated that as the town was indebted to the department to the extent of almost \$2000, no refund could be expected in connection with liquor act penalties. The above amount is made up mainly of about \$750 under the Widowed Mothers' Allowance Act and about four thousand dollars charged against the town in connection with the upkeep of dependent and delinquent children, which from the start the town has declined to acknowledge since the bulk of the amount was contracted by the province in connection with the Mancini children.

Man, it will be remembered, was at one time charged with neglect or ill-treatment or non-support of his children. Without consulting the town, the children were taken in charge by a representative of the Department of Dependent and Delinquent Children. Mancini owned property in Blairmore, which was held as bond surety for the patrol of Mancini pending trial. A short time afterwards Mancini appeared for hearing and was later let out on his own recognizance. Mancini then converted his Blairmore property into cash and skipped out, leaving nothing for the town or to his children. The town was thus, through the action of the department, deprived of all opportunity of holding anything from Mancini. Other sureties were also released. The province has since been caring for the Mancini children and charging same to the town. The town naturally refuses to acknowledge liability. Had the children been left pending the action of the town, the property would have been held to provide for them. Another portion of the claim is contracted in connection with a Mrs. Jarvis, in connection with whom no recommendation was made by the local representative of the Widowed Mothers' Allowance Act, but for whom an allowance was arranged for by the department. In this connection, also, the town claims no responsibility. Mrs. Jarvis, when in Blairmore, did not appear as a subject for attention from that department, conducting a business here that appeared lucrative. Since leaving here she has resided for a time at Nanton and is at present a resident of Lethbridge. The council decided to allow their portion of liquor fines apply to claim under the Widowed Mothers' Allowance Act and to ask the province to sue for the balance of the claim.

An extensive report was received from the sanitary inspector who recently visited these parts. On the whole the report declared Blairmore to be in a fairly sanitary and clean condition.

A complaint was laid against a local citizen for having a stable so near a private residence and in such condition as to cause considerable annoyance. Dr. Olivier, as medical health officer, declared the place to be a menace to the health of that district and urged upon the town to take some immediate steps. Mr. Gillis, in behalf of the defense, asked that no drastic action be taken, as the party in question intended to clean

CHAMPIONSHIP WRESTLING MATCH FOR LABOR DAY

Jimmie Bonnie, sport promoter, of Coleman, is negotiating for a return bout between Ernie Arthur, of Lethbridge, and Nick Bozins, of New York, for a side bet of \$500 each, at Coleman on Labor Day, September the 3rd. This will be for the championship of the world, and the winner will take the side bets and net gate receipts.

It is likely the bout will be staged in the Coleman Crystal rink.

A boxing preliminary of three rounds will be staged between Georges Carpenter, of Medicine Hat, aged twelve years, weight 60 pounds, and Young Tuffy Whitney, of Lethbridge, of the same age and eighty pounds. These two boys both claim the championship in their respective classes and the bout should be a humdinger.

In connection with the above, Mr. Gillis reminded the council of the fact that the town had not a legally constituted board of health as required by the provincial health act and that action taken by the town was not through the proper channel.

Messrs. Adams & Co., solicitors of Edmonton, asked if the town would accept a cheque for about \$750 in full consideration of the town's claim against the Blairmore brewery property of about \$1400. Council decided "No."

The need in this country today is not so much for a real job for every man as for a real man for every job.

More than one hundred applications have been received for the three vacancies occurring on the public school staff at Pincher Creek.

P. J. Parker has been appointed Alberta zone manager for the Hudson Bay Company, with headquarters at Calgary.

Auto Clearing Out Sale

Having rented our premises, we have the following Cars and Trucks for Sale.

One Chevrolet "490" Touring, 1919 model, \$375.

Can Do Nothing Now About Branch Lines Says Hon. Graham

Ottawa.—The Government is helpless to do anything. Apart from the Long Lake cutoff, which is really a coordination of two lines and already under contract, not a foot of branch lines of the Canadian National Railways can be built this year.

This was the statement of Hon. George F. Graham, Minister of Railways. He was referring to the resolutions being passed by public bodies urging that something be done and to the numerous reports of settlers' plans being utterly upset because railway facilities cannot be provided.

"The Government," added the Minister, "cannot spend money that Parliament does not appropriate. The Senate took the position that the country cannot afford the money for the projected lines. Our position is that we cannot afford to do without them. They are essential to the growth of the C.N.R. and the development of the country it serves. The public owned system needs branches the same as the C.P.R. The idea being propagated that the lines would run into a hundred million is sheer nonsense. The estimate was liberal, having regard to the fact that of the thousand miles provided for, four hundred were already graded and in some cases ready for the steel.

The Minister of Railways was not able to indicate what plan will be adopted next session, but made it clear that it is hopeless to expect anything this year. While some \$73,000,000 is voted for betterment, these do not contemplate construction, but are in accumulation of funds for maintenance, terminal facilities and a great variety of things. There is no authority to divert the expenditures, all of which are held to be urgently necessary for efficient operation of the system.

South African Premier Will Champion Peace

General Smuts Tells Congress of His Intentions.

Pietermaritzburg, Natal.—At the opening of the South African party congress here, Premier Smuts, of the South African Union, referring to the troubles in Europe, declared if Europe does not recover and those great markets which are particularly English markets do not recover, a terrible situation will arise for Great Britain with its population of thirty-five millions. General Smuts proceeded to pay a remarkable tribute to Premier Baldwin, adding: "He is a simple, sincere and straight English gentleman with no nonsense about him."

He averred his intention to fight on behalf of South Africa a battle for peace at the Imperial Conference.

Navy Expense Increases
London.—Although the establishment of the navy in 1923-24 consists of only 99,500 men, compared with 151,000 in 1913-14, the cost of pay has risen from 44,000,000 pounds to 70,000,000.

Mennonites Coming West
Quebec.—Five hundred and sixty-five Mennonites, men, women and children, bound for Northern Saskatchewan where they will be established in a colony of their own, landed here from the Empress of France.

Voluntary Wheat Pool Will Be Formed By Saskatchewan G. G. A.

Regina.—Steps towards the formation of a voluntary wheat pool in time for the crop of this year have been decided upon by the Executive of the Saskatchewan Grain Growers' Association after a long discussion extending over two days. The following announcement was made through the Secretary, J. B. McPhail:

"A special meeting of the Executive of the Saskatchewan Grain Growers' Association was held in the central office of the association on Tuesday and Wednesday, July 17 and 18, for the purpose of considering the question of the formation of a voluntary wheat pool."

"After very full consideration of the whole question and after conferring with legal and grain experts the following resolution was passed:

"Whereas we regret it was found impossible to bring into operation a wheat board and realizing the wide

HEAVY LOSS FROM STORM

DAMAGE FROM CYCLONE IN LUMSDEN AREA EXCEEDS MILLION DOLLARS

Regina.—Survey of property and crop damage in Lumsden and Tuxford districts, hit by the recent cyclone, indicates the loss will exceed a million dollars.

Eleven people were injured, one seriously, in the tornado which cut a narrow and erratic path from west to east, starting at Dodsland through the Marquis and Tuxford districts into the valley, west of Lumsden, out of the valley, west of Lumsden, on to the Elapot Reserve, going as far east as Wapella.

In the valley it was wind, and wind alone, which caused buildings to be torn from their foundations and huge trees and telephone poles snapped sunder like matches. But at Tuxford the wind was combined with a terrific hailstorm.

Crop damage will be very heavy. Grain, driven by relentless wind, drove crops into the ground at Lumsden. It accomplished the same effect at Tuxford, and in a lesser degree, at Marquis.

Would Build Wireless Station In England

Eastern Telegraph Company Has Applied for License

London.—Replying to questions in the House of Commons, the postmaster-general, Sir Lansing Worthington Evans, said the Eastern Telegraph Company had applied for a license to build a high power station in England in connection with an Empire wireless station. The company said the station had the assistance of obtaining a license as the Marconi Company, so far as the Government is concerned. The question of building corresponding stations in India or the Dominions would be for the Government concerned to settle.

It was announced that a site of 800 acres has been purchased by the Post Office Department near Rugby for a high power wireless station, which will cost about \$50,000.

Moore Backs Lewis

Says Nova Scotia Miners Should Remain Loyal to Union

Ottawa.—The Minister of Nova Scotia will do well to remain loyal to their international union by giving their full support to the new provincial president, Sibby Barrett, and thus frustrate the efforts of J. B. MacLachlan and his colleagues to destroy the solidarity of the organization. Tom Moore, President of the Dominion Trades and Labor Congress, stated the efforts made by organized labor to have the militia removed from the strike area.

Russia Cannot Forecast Crop
Moscow.—Various estimates of Russia's possible grain exports have appeared in the press, but the Government department charged with export business is still extremely uncertain regarding figures, in fact could issue no official estimate whatever.

Voluntary Wheat Pool Will Be Formed By Saskatchewan G. G. A.

Regina.—Steps towards the formation of a voluntary wheat pool in time for the crop of this year have been decided upon by the Executive of the Saskatchewan Grain Growers' Association after a long discussion extending over two days. The following announcement was made through the Secretary, J. B. McPhail:

"A special meeting of the Executive of the Saskatchewan Grain Growers' Association was held in the central office of the association on Tuesday and Wednesday, July 17 and 18, for the purpose of considering the question of the formation of a voluntary wheat pool."

"After very full consideration of the whole question and after conferring with legal and grain experts the following resolution was passed:

WESTERN EDITORS

Group of Southern Alberta Farmers Will Co-operate in Marketing Crop

Lethbridge.—Twenty-three Southern Alberta farmers, driven to desperation by plunging wheat prices, are planning on forming their own wheat pool. At a meeting in MacLeod they took preliminary steps toward joining the Pincher Creek Co-operative Association, which, in addition to handling produce, has made money for its members in centralized wheat selling, even on a very small scale. The initiative pool will include farmers in the Pincher Creek, Claresholm, Granum, MacLeod and Glenwoodville districts.

The meeting was attended by half a dozen members of the Provincial Legislature, Hon. A. L. McPherson, Speaker of the Alberta House, being in the chair. At the same meeting the western grain route to Vancouver was endorsed.

T. H. Keays, Editor and one of the Proprietors of The Clarion, kindly says:

**Reviving Smuggling
Along English Coast**

Business of Hundred Years Ago Is Again Profitable

London.—Cross-channel smuggling, once a feature of the Napoleonic wars, is reviving along the English coast. A depreciated French exchange and reduced coastguard forces have made smuggling profitable again, and lately stretches of the Kent and Sussex coasts are, after a lapse of upwards of a hundred years, again the scene of nocturnal bandit-rundings.

Up to this year the greatest trouble of the revenue protective officers was with German ships, the slump in the market making it well worth while for a crew to smuggle raw spirits to the Thames.

But since a German steward was fined five million marks in London last January for smuggling brandy and liquor there has been little of this traffic carried on.

Canada Loses Population

3,425 Mechanics Went From Canada to States in May

Ottawa.—Further migration of skilled labor to the United States is shown by the United States Department of Immigration statistics received here. During May 3,425 skilled Canadian mechanics entered the United States as compared with 36 skilled American mechanics who came to Canada in the same period.

The total number of Canadians who migrated to the United States during May was 18,658, of whom 7,723 were women.

Skilled mechanics to the number of 2,331 came to Canada from Great Britain during the same month.

Australian Boy Scouts
Melbourne.—The Commonwealth Government is considering a proposal to assist in paying the passages to England of 300 Australian Boy Scouts to enable them to visit the British Empire Exhibition next year.

Racing Sheets Imports
Ottawa.—Federal legislation passed at the recent session of Parliament, prohibiting the import into Canada of racing sheets, is occupying the attention of the customs department. It is stated: It was said that the department had information that such sheets were still coming into Canada from the United States, and that a statement would be forthcoming shortly.

Indian Army Officers
Will Settle in B.C.

Victoria.—The liner Empress of Australia, docked here from the Orient with 700 passengers, many of them prominent business and professional men from the countries of the far east. Among those aboard was G. S. Corbett, delegate from the Strath Settlement to the Forestry Council at Ottawa; Capt. H. E. Silver, captain of five ex-officers of the Indian army, who will settle in British Columbia.

Foot and Mouth Disease
London.—Two outbreaks of foot and mouth disease among cattle have occurred in the past few days in Bedfordshire. Restrictions on the movement of cattle from the affected district have been imposed. Over 30 store and feed cattle were destroyed immediately the authorities learned of the cases.

Thornton and Beatty Plead for Forest Protection

SIR HENRY THORNTON
President of the Canadian National Railways, says:

"If any man wants to add to the burdens of the Canadian National Railways, let him start a forest fire."

"The forest is a main pillar of our nation's wealth and tourist travel. I appeal to every Canadian: 'Protect the Forests.'"

E. W. BEATTY
President of the C.P.R., says:

"A living forest means live jobs. Dead forests mean dead jobs. No man of us has any right to kill a forest by his careless acts. A minute's care may save a century of waiting."

Form Miniature Pool

Group of Southern Alberta Farmers Will Co-operate in Marketing Crop

Lethbridge.—Twenty-three Southern Alberta farmers, driven to desperation by plunging wheat prices, are planning on forming their own wheat pool. At a meeting in MacLeod they took preliminary steps toward joining the Pincher Creek Co-operative Association, which, in addition to handling produce, has made money for its members in centralized wheat selling, even on a very small scale. Our Surplus Wheat Is Matter Of Interest To People Of Britain

DEMAND BRANCH LINES

THINK GOVERNMENT SHOULD AUTHORIZE EXPENDITURE FOR PROPOSED EXTENSIONS

Saskatoon.—A resolution calling upon Premier Mackenzie King to authorize the expenditure necessary for the construction of the proposed Canadian National branch lines was carried at a meeting of the Saskatchewan Associated Branches of Trade Unions. It says the money for the branch lines should be taken out of the appropriation of \$73,000,000 voted to the Canadian National by Parliament, or from public funds.

London.—The question of the bringing of home food production on national defense will come before the Imperial Conference in October, Lord Selbourne, speaking for the Government, stated in the House of Lords. A number had suggested referring the question to the committee on Imperial defense.

Lord Long referred to the large purchases of wheat which Great Britain had made in Canada in recent years as suggested "that a definite arrangement, somewhat on those lines, would contribute largely to a solution."

"It might be said," added Lord Long, "if we entered into an arrangement with Canada to secure a large part of her crop that we would give offense to the other dominions, but I have never found among the representatives of the dominions the slightest evidence of any feeling either of jealousy or disaffection. Assuming it would be easier to get a large quantity of our wheat in Canada, I am quite convinced that no other dominion would enter any protest. The question is whether we can arrive at an arrangement which will give us a supply to prevent any possibility of starvation."

Lord Long emphasized that the dominions were more than ready to meet Great Britain half-way. "Was it not extraordinary," he asked, that even the House was debating this question? Canada was asking herself how on earth she was to dispose of the bumper crop of wheat she was going to reap this year?

Britain Recapturing Trade

Exports to Brazil Surpass American First Time Since War

Rio de Janeiro.—American exports to Brazil, according to figures published by the Federal Department of Commercial Statistics, were surpassed by British shipments last year for the first time since the beginning of the world war. The total value of American exports to this country in 1922 was almost equal to that of the year before hostilities began in Europe, but less than one-quarter of the total reached in the high tide year of 1920.

The reasons for this tremendous decrease in Brazilian imports of American products, according to opinions expressed by business representatives here, are the unfavorable exchange rates on Brazilian money, the relatively higher cost of doing business confronting American exporters, and the general retrenchment in Brazil.

Veterans Received By King

Delegates to Service League Conference Introduced By Earl Haig

London.—Delegates to the biennial conference of the British Empire Service League, were received by the King at Buckingham Palace. The delegates represent all parts of the Empire. They were introduced by Field-Marshal Earl Haig, President of the League.

His Majesty spoke a few words to each of the men present and recalled memories of various outposts of the Empire which he had visited. He thanked the League for a loyal message which it had presented to him.

Indian Army Officers
Will Settle in B.C.

Victoria.—The liner Empress of Australia, docked here from the Orient with 700 passengers, many of them prominent business and professional men from the countries of the far east. Lord Long emphasized that the dominions were more than ready to meet Great Britain half-way. "Was it not extraordinary," he asked, that even the House was debating this question? Canada was asking herself how on earth she was to dispose of the bumper crop of wheat she was going to reap this year?

**Trade Affected By
World Conditions**

Reason Given By British Men For Business Decline

London.—Replying in the House of Commons on the debate on the Board of Trade, pointed out that Great Britain's export trade at the beginning of the year showed a deficit of 35 per cent. compared with the year before. By the beginning of 1923 the deficit had dropped to 20 per cent.

Traders and others, however, now almost unanimously said that orders were not coming in owing to the general uncertainty due to the failure to obtain world settlement. The outlook for British industry was nothing like as good now as it was last January.

Sir Philip stressed the vital necessity of getting stable conditions and also the necessity of a steady and bold policy in developing Imperial resources in the dominions and colonies. Economic necessities pointed to the need of bringing raw material from countries other than those to which the British were debtors.

Ex-Captain of Maine Dead

New York.—Rear-Admiral Charles Sigsbee, U.S.N., retired, captain of the ill-fated battleship Maine, died suddenly July 10. He was 52 years old at the time of the "blowing up of the Maine," a captain, a veteran of the civil war and an inventor of the deep sea exploring and sounding apparatus.

Good Insurance Risks

New York.—Aeroplane travel by tourists in machines of aerial ferry portation companies will no longer jeopardize insurance policies in case of accident, the Mutual Life Insurance Company of New York has decided.

Official of Immigration and Colonization

Ottawa.—Officials of the Department of Immigration and Colonization categorically deny the reports being circulated in the United States to the effect that a head tax is being collected in Canada upon tourists.

Canada And U. S. Trade Reprisals War Now Being Predicted

New York.—A "war of trade reprisals" between Canada and the United States is predicted by the New York World if the pulp wood embargo authorized by the Canadian Parliament is put into effect. The World declares the embargo would mean the closing of many United States mills along the border, curtailment of other mills and the transfer of "another big fraction" of the paper industry to Canada, as well as "war-time prices" for paper, and continues:

"It would mean more than this. Enforcement of the embargo would undoubtedly start a new war of trade reprisals between the two countries."

Retailary measures from this side could begin with coal, oil, sulphur and other necessary supplies for Canadian mills and extend beyond. No one would be helped in the end. Both sides would be hurt, and it will end in a general all-around."

The World declares the situation calls for reconsideration of the whole trade situation as between Canada and the United States. "We have to remember that the Forster-McCumber tariff hit Canada a hard blow and is largely provocative of Canada's present action," it asserts. "Considerations are called for from our side as well as from that side."

HURTS TOURIST TRADE

The people of the Pass country want to know what is the matter with the minister of public works, that the province of Alberta, that the deplorable condition of the roads in Crow's Nest Pass are not being repaired after the recent floods? Surely he is in ignorance of their condition or he would not let matters stand idle as is seemingly the case on a road that is advertised throughout Canada and the United States as one of the finest and best for tourists in the west. From Cowley to Crow's Nest a man that values his car will certainly not go over it twice and will advise his friends not to also.—High River Times.

It may be argued, perhaps, by the minister of public works, that tourist traffic through this district is not being curtailed because of the condition of the roads through this section of the Crow's Nest Pass and that the Pass is not suffering generally; but the facts remain. First, that not one-tenth of the number of United States tourists are using The Pass route this season as last; three out of every five parties arriving at Fernie or Macleod change their plans and go back or take another route on learning of road conditions as they ARE. Most of our tourist traffic this season is brought this way through the opening of the new Banff-Windermere highway.

THIS FROM THE LETHBRIDGE HERALD

The Miners returned from Blairmore for from satisfied with the treatment accorded them, and after the long journey there was no one to meet them off the train, and they did not meet any of the officials until just before the game commenced. This is in direct contrast to the fine time given the Vets team by Michel when they visited them early in the season, and the Lethbridge Miners were naturally a little disappointed.

FROM THE TOURISTS' LOG

The following notes were left at the Blairmore tourist camp during the week:

July 18—Mr. and Mrs. Colin Oryer, Medicine Hat, camped here. Enjoyed the best camp kitchen enterprise.
July 20—Mr. and Mrs. C. C. Storer, of Stirling, Alberta, and party of four. Roads fair to good. Camp finest ever—fine water, good accommodation.

Mr. and Mrs. Arthur Young, Misses Evelyn and Aileen Fife, of Armstrong, B. C. and Miss Bertha Pringle, from Standard, Alberta, en route to Armstrong. Stayed here over night. Found things very nice, indeed, and enjoyed our stay very much; but found the roads very bad. Thank you.

NEW CIRCLE TOUR

The holiday seeker could perhaps do no better than avail himself of the new circle tour to be established on August first by a stage line. The route proposed is, starting from Cranbrook to Fernie, through Fort Steele, Bull River, Wardner and Elk, leaving Cranbrook Hotel at 8 a.m. Returning, leave Fernie, King Edward hotel corner, at 3 p.m. A fare of \$5.00 one way in a Dodge car bearing the name "Arrow Line" seems attractive. In the spring it is proposed to put on a speed truck for the transportation of freight and baggage.

This new service is being established by a local company.

MIKE VOLNEY KILLED

AT COLEMAN
A miner named Mike Volney was killed by a fall of cap-rock in the International Coal Co.'s mine at Coleman on Friday morning last.

Volney was a skillful miner and had resided in Coleman for about fourteen years. He leaves a wife and family of five children.

Funeral took place on Sunday afternoon. Funeral service was conducted in the church of the Holy Ghost by Rev. Father McCormick and the remains were laid to rest in Coleman Catholic cemetery.

Funeral arrangements were in charge of the Coleman local union and preparations by Undertaker Ferguson.

If bootleggers are prepared to quit their vocations and prohibition carries in the forthcoming referendum, permitting a continuance of the present system, and jobs are to be given that worthy type of citizen, the superannuation fee will have to be a fat one to keep them satisfied.

B. S. Vickers, a carpenter in Saanich, near Victoria, died recently as a result of a wasp sting. He was about to drink a glass of lemonade when a wasp flew down his throat with the draught. Two doctors were summoned immediately and artificial respiration was applied, but without results. The sting of the wasp caused a swelling of the throat, which resulted in strangulation. It is claimed that had Vickers been drinking strong liquor instead of lemonade the wasp would have kept away.

Splendid catches of fish are being made daily at Waterton Lakes.

Some police are developing the dish washing trade. We learn that in order to secure something in the form of evidence required for conviction under the famous Alberta Liquor Act, bottles and flasks are being picked up and chased. In some cases two bottles had to be rinsed to secure one drop and quite a number of glass receptacles had to be disturbed before a teaspoonful of joywater could be obtained. A conviction under

such circumstances should never be tolerated.

Toronto city is shown as having a net per capita debt of \$217.46, and Montreal has a net per capita debt of \$208.36.

Isn't it a funny language. When a dam bursts it releases the water; when a tire bursts it releases the dam.

Canada Faces the Future With Confidence

CANADIANS have always been noted for courage, optimism and faith in their country.

Canada was not built up by pessimists, nor will Canada continue to develop if her people allow themselves to become croakers and grouchers. Canada is fundamentally an agricultural country. We have a soil and climate which can grow the world's finest agricultural products.

Canadian farmers who have earned the capital invested in their farms out of profits in farming are numbered in thousands. These successful farmers have paid off their mortgages, stocked their barns and stables, bought their machinery, made a good living and brought up their families. It meant hard work, but today they are independent.

Money in Mixed Farming

In recent years, at different points on the prairies, oats fed to steers have brought from 70c to \$1.07 as against the Fort William price of 42c per bushel, while barley used for the same purpose has brought as high as 95c as against the Fort William price of 57c per bushel. Farmers marketing their coarse grains in this way lower marketing cost, have a sure market and make money on their grain, while at the same time they market their roughage, otherwise often wasted. The cattle embargo is now off. Steers are worth more money and certain to make good money for the Canadian farmer from now on.

Money in Pigs

The Dominion Experimental Farms have proved by actual test that there is a profit in feeding pigs. Last year at the Central Farm, Ottawa, after paying

for feed, labor, interest and depreciation, the net profit per pig was still \$4.63.

Profits from Sheep

As money-makers, sheep are hard to beat. In every Province from Prince Edward Island to British Columbia are found many flocks returning generous profits to their owners.

Poultry Pays

Poultry makes money for those who adopt modern methods, whether East or West. Little Prince Edward Island markets co-operatively in carlots, shipping upwards of one million dozen eggs. The British Columbia Co-operative Poultry Men's Exchange markets in the same way, thus saving ruinous glut in their local market.

There is a market for good Canadian horses, whether light or draught.

Grow Seed

Canada's Northern grown seed possesses extra vitality. There is a large market for it to the south. Canada exports seed potatoes, but imports other seeds. She has the opportunity to grow seeds for herself and for export.

The Future

Ten years from now the pessimists of today will have been forgotten. British Columbia has removed the embargo against our cattle. She wants our beef and bacon, our cheese, butter, eggs and apples, our wheat and flour. As the population of the United States increases, she will compete less and less against us on the British market. Eventually, she will herself be an importer of many of our food stuffs besides wheat from this country.

Canada has the men, the climate, the land, the stock and the potential markets necessary for agricultural success. Let us farm with all the industry and science we can muster. Let's get to work and pay our debts. Canada is moving forward with confidence in its future. Let us keep going ahead.

Have Faith in Canada

Gum wallowing in the mouth of a
lady seems almost as much out of
place as a pipe in the mouth of a
police officer on duty.You are not required to take off
your hat to the nobility of Waterton
Lakes. Much less, one notices lack
of folks out there on a hot day with
even less than that that they could
take off.Mrs. Gillespie and little daughter
had a very narrow escape on Friday
last near Coleman, when a rig in
which they were riding parted in two
throwing them heavily to the ground.
The horse with the two front wheels
started to run away, but was caught
before getting very far.Six auto bandits entered into pistol
battle with bank messengers on
Yonge Street, Toronto, on Tuesday
morning and got away with about
\$75,000 cash. In the battle several of
the messengers sustained serious bul-
let wounds, some of which may prove
fatal.Rumor has it that Sub-Inspector
Scott, formerly sergeant in charge of
The Pass detachments of the A. P.
Police, will be stationed permanently
in charge here upon the completion
of the new courthouse and police
headquarters. Mr. Scott is consid-
ered a very efficient and fair-minded of-
ficial and his return would be wel-
comed.**MARRY WEALTH**Association Matrimonial and Friend-

DEATH OF W. T. HAMILTON

(From Westville Free Lance)

There passed away at New Glas-
gow on Friday night, July 6th, Mr.W. T. Hamilton, rover, East River
Road, at the age of 66 years. Hewas a son of the late Paul Hamilton,
of Westville, and spent the greater

part of his life in that town. He was

married twice, and both wives pre-
deceased him. By the first marriage

he leaves one son John L., and one

daughter, Mrs. Henry Pratt, of Cam-
bridge, Mass. By the second mar-
riage there survive five sons, viz., Mil-

ton and Howard, New Glasgow; Rev.

J. H. Hamilton, of Sydney, and Allan

and Marshall, of Blairmore, Alta. He

is also survived by two brothers, Al-

lan, of Marlboro, Mass.; and Thomas

E., of Granton, and by two sisters,
Mrs. James C. Mitchell, Westville,and Mrs. Ellen Ritchie, Clementsport,
N. S.

Deceased was a man of splendid

character and a genuine christian

gentleman. He was elected an elder

in the Presbyterian church on three

different occasions, at Carmel Church,
Westville, Middle River Church, Mid-dle River, Pictou Co., and Calvin
Church, New Waterford. He wasone of the few survivors of the Drum-
mond explosion on May 12th, 1873.

Mr. Hamilton left Westville some

twenty years ago for Coalburn,
where he resided for some time. Then

he went to New Waterford, where he

turned the first sod of No. 14 Colli-
ery. From there he went to Beaver

Mine, Alta., and thence to Frank.

He returned to Nova Scotia in 1915

and located at New Glasgow, where

he lived until his death.

He took ill about ten days before

his passing with influenza. Neu-
ritis followed and it was then realizedthat he would not recover. He passed
peacefully away in the hope and ex-
pectation of a glorious resurrection.It can be truly said of him that a
good man has gone from our midst.

The funeral took place on Sunday

afternoon at three o'clock to Brook-
side Cemetery, service being con-
ducted by Rev. Dr. Ramsay, of First

Church. Deceased was for many

years a member of Scotia-Lodge, I.
O.O.F., Westville, and the service atthe grave was conducted by that or-
ganization, assisted by the members

of Norton Lodge.

We tender deep sympathy to the

bereaved sons, daughters, brothers

and sisters.

HILLCREST HAPPENINGS

(By Our Own Dear Felix)

Mr. and Mrs. Ed. Royle and party
of friends motored to Waterton Lakes
on Sunday, returning the same even-
ing.The Hillcrest Junior First Aid
team are having a tag day on Sat-
urday, the 28th, to raise funds to
cover expenses in connection with the
team visit to Fernie next month,
where they will compete.One requirement of any person
taking a course of instruction in mine
rescue work on Rescue Car No. 1 is
that they must be in possession of a
St. John Ambulance Association cer-
tificate, or that of some other duly
recognized first aid association.Mine Rescue Car No. 1 has been
equipped with the H. H. Inhalator, a
new principle of resuscitation for any
victim of gas asphyxiation, smoke
inhalation, etc., whose breathing has
become shallow or ceased altogether
and the patient requires oxygen, in the
lungs.The benefit concert to be given in
the Union hall on the night of Aug-
ust 1st, under the joint auspices of
the Miners' Union and the Hillcrest
Orchestral Society, promises to be
well worth listening to. All the ar-
tists are well known. The proceeds
go to the benefit of H. Eckmeyer, who
has been ill for a long period.**OFFICERS L. O. O. F. INSTALLED**At the regular meeting of Blair-
more Lodge No. 68, I.O.O.F., on

Ed. Royle, R.S.V.G.—Bro. William

Goodwin, L.S.V.G.—Bro. D. Curry, I.

G.—Bro. G. K. Sirett, O. G.—Bro.

John Shevela, R.S.S.—Bro. James

Cousens, L.S.S.—Bro. A. May. The

officers were installed at the regular

meeting on the night of Monday,

July 16th, by District Deputy G. M.

Bro. S. A. Fraser, of Pincher Creek.

Mar. Poy returned on Saturday
from a business visit to Lethbridge
and Estikson.Dr. O. Lillie is attending the Al-
berta Dental Association convention at
Calgary.Mrs. G. Loomis and daughter, of
Denver, Colorado, are visiting with
Dr. and Mrs. O. Lillie.Using wireless amplifiers and a
loud speaker to magnify the sound of
heart beats is a surgeon's latest de-
velopment.Robert William Clark, youngest
son of Dr. Michael Clark, of Red
Deer, died suddenly at his home on
Sunday morning last. He was twen-
ty-six years of age and unmarried.Dr. Douglas Killam, professor in
mathematics at the University of Al-
berta, Edmonton, was drowned while
bathing at Yarmouth, N.S., on Sat-
urday last.Dr. J. G. Rutherford, a member of
the board of railway commissioners,
who was taken ill recently while in
British Columbia, died at his home in
Ottawa on Tuesday morning. Dr.
Rutherford was born in Peebleshire,
Scotland, in 1857.Bert Kenny, who for the past year
or so has been chief chef at the Cos-
mopolitan hotel, accompanied by Mrs.
Kenny, left last night for Ontario,
where Mr. Kenny accepts a position
with the Canadian National buffet
service.Seems that most of the thirty
people of this province have gathered
in Edmonton, for returns from the
government vendors' stores there
show that five times more booze is
being consumed there than in the
larger city of Calgary. Of course,
Edmonton is the seat of the govern-
ment, and it was a selfish campaign
that brought about the present sys-
tem of prohibition.George Ferguson, son of Rev. Dr.
J. T. Ferguson, superintendent of the
Alberta and East Kootenay mission
work for the Presbyterian church, has
just graduated from the school of
philosophy, economics and political
economy at Oxford, where he has
been attending as Rhodes scholar
from Alberta. He will remain an-
other year in order to do postgradu-
ate work.In connection with the conviction
of Jimmie Bennis, we are informed
that same was "based upon the
grounds that one of the witnesses
said Bennis took a walk across the
bridge with him." At that rate it
will not be safe for Bennis to take
any more walks with anyone.
Solicitor Brown, of Oshawa & Brown,
Lethbridge, has entered an appeal,
when the case will come up at the
next session of the Supreme Court,
some time in September.The three-link brethren and sisters
and children held their annual picnic
at Crown's Nest Lake last evening. An
unusually large number attended and
enjoyed themselves to the fullest. The
weather man was indeed kind and
handed out just the kind that the
doctor ordered. A programme of
sports, including adults' and children's
races, was carried out without a
hitch. Mrs. McKay, Mrs. Moroney
and Joseph Montalbetti were winners
in the fat women's race, while Mrs.
James, Alice Carter and W. J. Bert-
lett, took first, second and third
places respectively in the old ladies'
three-mile dash.A lady was in town this week re-
presenting the Fair Wage For Girls
board. The work of this commission
is having just about as desirable an
effect as the Alberta Liquor Act.
There are hundreds of girls idle
throughout the province today who
might have been contented in em-
ployment, but who are out of work be-
cause the new act imposes conditions
upon the employer that he or she is
unable to cope with. The result of this
lady's visit to Blairmore this week
means that a few local girls will be
obliged to stay idle for a while, as
the employers are not in a position
to meet the demands of higher wages
—and in all cases the girls were con-
tented at their work.**Labor Reductions
On Automobile Repairs**We are now operating our repair shop on the Flat Rate Plan. By
this plan the automobile owner knows what the job is going to cost
before the work is commenced. The following are a few prices on
Chevrolet repairs:

WORLD HAPPENINGS
BRIEFLY TOLD

Francesca Garibaldi, 75, widow of Italy's great hero, is dead at Cagliari. Two hundred Ukrainians, en route from Cuba to Canada, arrived at New York recently.

Women's Institute in British Columbia have grown to 111, with a membership of 4,000.

An agreement was reached on all the outstanding difficulties in the near east conference, and nothing remains to the way of signature of peace.

Dr. M. Pearl Russell, a Canadian, who received her degree in medicine at the University of Toronto, is the first woman to be assigned to duty as an interne at a Washington hospital.

Two of the Chinese bandits, who kidnapped a train of foreigners in China, have been adopted by former prisoners and will be brought home as servants.

Harold Nicolson arrived at Nomo on the Victoria, en route to Wrangell Island, to take off Allan Crawford and associates, who have been exploring on the island for two years.

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. They are an absolutely safe medicine, fully guaranteed by a government analysis to contain no opiates or narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25c a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Over Population of China

China is an over-populated country; there are always many more coolies than work for them. It is at any time all of Chinese coolies millions should find employment, it would mean that trade and business were going at top speed in the republic.

Miller's Worn Powders are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring worn troubles to an end. They are a strengthening and stimulating medicine, correcting the disorders of digestion that the worn cause and imparting a healthy tone to the system most beneficial to development.

Miss Canada a Social Favorite
"Miss Canada," otherwise Miss Winifred Blair, of St. John, N.B., on the invitation of the Cleveland Board of Trade, led the ball given recently by that body, jointly with "Miss America." Miss Blair was crowned in a lovely robe of pink satin, chosen for the event. She has not been lured from her typewriter, although offered as opening in the movies. She has been in demand at numerous festivities in the Maritime Provinces.

Tobacco's Effect Tested

Medical Men Find That Smoking Aids Digestion

That smoking may be regarded as an aid to digestion was indicated by Dr. J. W. Crane in an address delivered recently to a Western University audience at London, Ont. Dr. Crane said that he had at one time advised his students not to use tobacco, he having it weakened digestion, but tests had shown that the saliva of a smoker digested starch better than that of a non-smoker. Starch is a constituent of many foods.

From another point of view Sir James Cantlin, the renowned British medical authority, also regards tobacco as an aid to digestion. "Tobacco," says Sir James, "has its good effects in digestion, in lessening the effects of worry."

A Female Medicine
Of Wonderful Power

Keeps the System Active, Removes Wastes, Prevents Disease.

DR. HAMILTON'S PILLS

Prove a Medical Companion to Women Because They Promote Regular Conditions

From girlhood to the declining years of old age, there is no better ally to health for women folks than Dr. Hamilton's Pills. It's because these mild vegetable pills promote regularity because they keep the system clean that women find them so beneficial. Many of these conditions that women find it difficult to overcome are remedied by Dr. Hamilton's Pills. To look your best, to feel sprightly, to be in good and good spirits use Dr. Hamilton's Pills. 25c at all dealers.

Shipping Men in Conference

Representatives From Various Parts Of Canada and U.S. Meet in Montreal

Freightmen connected with ocean lines from various parts of Canada and the United States, including New York, Boston and Baltimore, have been in conference at Montreal, under the auspices of the United Kingdom Conference and the Continental Conference.

On Monday the party was entertained by the Canada Steamship Lines on board the S.S. Montreal, where a splendid luncheon was served. In the unavoidable absence of Mr. J. W. Norcross, President and Managing Director, and Mr. S. Isard, General Manager, the duties of host were carried out by Mr. L. A. W. Doherty, freight Traffic Manager.

Mr. Doherty presided and he was surrounded by Messrs. C. H. Goetz, representing Ellerman's Wilson Line, New York; W. A. Coates, Robert Redford Co., Ltd., Montreal; Mr. Connor and Mr. Sidebottom, Furness Withy Line, New York; Mr. Nichols, Furness Withy Line, Boston; Messrs. Kenick, Hapgood and Wright, Cunard Line, New York; Major P. A. Curry, White Star Dominion Line, Montreal; Mr. McLachlin, White Star Line, Boston; Mr. G. H. Wells and Mr. Craig, United States Shipping Board; Mr. Kloss, Canada Steamship Lines; Mr. Wood, Canadian Merchant Marine; Mr. T. C. Lockwood, Cunard Line, Montreal; and Mr. Forbes, White Star Line Montreal.

Short speeches were delivered at the conclusion of the lunch, Mr. Doherty welcoming the visitors. Mr. Coates also made a brief speech to which Mr. Goetz and Mr. MacIntyre replied. The latter on behalf of the Shipping Board, expressed the hope that some of the prominent Canadians should go to Washington and endeavor to influence some of the hard boiled eggs of the living conditions to be found in Canada.

Subsequently, the party visited the Canada Steamship Lines' new addition to the Saguenay division, the palatial Richelieu, which had just arrived in Montreal, and the visitors from the United States expressed appreciation of its equipment. Mr. Goetz said he was very much surprised to hear of the deep draught of the vessel and pointed out that it would be impossible for the Richelieu to traverse the River Hudson. He congratulated the Canada Steamship Lines on the post session of so exceptionally fine a river steamer.

English Potato Yield

A yield of over seven tons per acre, the highest, on record, was obtained last year in agricultural holdings in England and Wales. The total crop was estimated at 4,012,000 tons, being more than 1,000,000 tons above that of the previous year, and 50 per cent. over the pre-war average. The area covered by allotments in England and Wales is estimated at 135,000 acres, and the quantity of potatoes produced on them is estimated at 550,000 tons.

The first American express was opened between New York and Boston in 1821.

Magnifying glasses were first made in England by Roger Brown, in 1260.

Keep Mink's Liniment in the house

Keep Your Shoes Neat

"Flame Of Life"

This lovely evening gown is made of Corticeo georgette crepe and is heavily embroidered in Egyptian beads of gold, which glitter and sparkle so much that you think the gown is aflame, but most of all it has the successful straight line effect which most women find so becoming.

SUMMER
CLAMPT
CRAMPS AND
DIARRHOEA

There is no other kind of disease that comes on so quickly and with so little warning as an attack of Bowel trouble.

One may retire at night, in the best of health, and before morning be awakened by terrific cramps and pains in the stomach followed by diarrhoea, dysentery, summer complaint or bowel trouble in one form or another.

At this season of the year, when bowel troubles are so prevalent, we would advise the prevention of always having on hand a bottle of Dr. Fowler's Extract of Wild Strawberry so that you will be ready for any and all emergencies. You will find that a few doses of this valuable remedy, taken promptly, will be the means of preventing a great deal of unnecessary suffering, and many a time save life.

Mrs. W. H. Judd, 174 Catherine St., S. Hamilton, Ont., writes:—"Last summer I had a very bad attack of summer complaint, cramp and diarrhoea. I tried many different remedies, but they did not seem to help me. I heard of Dr. Fowler's Extract of Wild Strawberry, so decided I would try it. I only took a few doses, and in a short time I was better."

Price 50c a bottle; put up by The T. Milburn Co., Limited, Toronto, Ont.

The Arm of the Law
County Policeman—Halt! You're under arrest!

Motist—What for?

"Never ye mind. I ain't going to give you any chance to think of excuses!"

Nothing as Good for Asthma. Asthma remedies come and go but every year the sales of the original J. D. Kellogg's Asthma Remedy grow greater and greater. No further evidence could be asked of its remarkable merit. It relieves. It is always of the same unvarying quality which the sufferer from asthma learns to know. Do not suffer another attack, but get this splendid remedy to-day.

Spring makes people lazy. The other seasons that make people lazy are summer, fall and winter.

The English guinea was so named because the gold from which it was made came from Guinea.

SUN WIND DUST & CINDERS

Urges Action By Powers

British Suggestion For Restoring Normal Conditions In China

Restoration by the powers is understood to have been suggested by Great Britain as a means of restoring normal conditions along the Chinese coast and up the great rivers upon which the export cities are located.

The British suggestion, as understood here, would contemplate the use to a limited extent of naval resources, but would not necessarily involve the military forces.

The British suggestion is understood to have been a result of conferences in Peking following the recent bandit activities in China, and the American minister is said to have opposed any action which would weaken the already tottering Chinese Government. A dispatch from Tokyo indicated that Japan also was inclined not to favor any naval demonstration.

Cure For Tuberculosis

Spanish Doctor Claims to Have Discovered Remarkable Serum

What appears at first glance to be a remarkable cure for tuberculosis has been discovered by a noted Spanish surgeon, Dr. Talara. It is declared that Dr. Talara injected his anti-tuberculosis serum into two patients who were in the last stages of the disease, one a man of 40 years, and the other a girl of 18. Both are now declared by Madrid medical authorities to be in perfect health, the man having taken seven days to recover and the girl on five. Fifteen other tubercular patients are being experimented with and are showing such satisfactory results that all the patients in a Barcelona tuberculosis hospital will be given the same treatment. Dr. Talara has placed his discovery at the disposal of all the physicians of Spain.

If Tormented With Corns,
Use Good Old "Putnam's"

It's really a simple thing to remove your corns, and without pain, if you apply Putnam's Painless Corn Extract. It acts like magic, lifts out the corn, root and branch, leaves the skin smooth as silk. No failure with "Putnam's." 25c everywhere.

The Radio and Geography

Large Radio Stations Assist in Transmitting Time Signals

The whole earth is beginning to be fairly well harnessed up with networks of both communication and measurement, much along the same lines, but above all, the large links must be accurately measured. Originally the distances between the continents could only be measured when cables were laid and it required the undivided service of a whole cable during periods of time comparison—an expensive process. Now large radio stations transmit some system of time signals, preferably either seconds beats or a scientific vernier series as do the French stations, and these are received at the various observatories of the world where accurate clocks are maintained and frequent star observations are used to check them. Differences of longitude are deduced from these almost instantaneous observations. The results show very interesting systematic cyclic changes of a fraction of a second which are far above any errors to be expected from either the clocks or observations, and these are being investigated by international co-operation among the observatories. In this work the Dominion Observatory is taking an active part.

Americans in Canada

Twelve Per Cent. of Dominion's Population Born in States

It is estimated by the Canadian Pacific Railway that there are approximately one million people in Canada who were born in the United States, or about twelve per cent. of the Dominion population. Most of these are to be found on farms in the Western Provinces. Nearly one hundred million acres of Western Canadian land has been settled by homesteading, the citizens of the United States have accounted for thirty per cent. of such settlement as against twenty per cent. on the part of British. In addition, United States citizens are each year the heaviest purchasers of privately held and improved lands and farms.—Financial Post.

Ask for Minard's and take no other

Canada's Lobster Industry

The importance and extent of the lobster industry in Canada may be seen from a report showing that there are 600 factories engaged in this business in the Maritime Provinces, employing more than 5,000 people as fishermen and packers, and with an annual output of more than \$5,000,000.

Canada is nearly 30 times as large as Great Britain and Ireland.

Minard's Liniment Heals Cuts

Japan Must Import Wheat

Forty Million Bushels Required and Crop Is Short

The crops of Japan will show a considerable decrease as compared with totals of last year, according to information received by the Department of Trade and Commerce. The estimated yield of wheat is 24,535,045 bushels, which is a decrease of 1,950,125 bushels from last year's crop. As the total requirements of Japan amount to about 40 million bushels annually, a large amount will have to be imported to make up for deficiencies in domestic supplies, it is stated. There are substantial decreases in the estimated yield of both barley and rye, as compared with last year.

Catarrhal Conditions

Catarrh is a local disease—greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood upon the mucous surfaces of the System. HALL'S CATARRH MEDICINE gives the patient strength by proving the general health and assists Nature in its work. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Sending Gold to States

A supposedly well-informed observer in the Bureau of Foreign and Domestic Commerce at Washington declares that the German Government, masked under the names of individuals, is sending its gold to the United States, where it has at present between \$500,000,000 and \$1,000,000,000 invested in stocks and bonds. Germany does not fear that the United States will confiscate it and has faith in the economic soundness of American business.

Wages Winter Is Unhealthy

Winter has been revealed as the unhealthiest portion of the year in figures compiled by the Metropolitan Life Insurance Company. All the big drops in the death rates have occurred during the summer months, their report indicates.

Britain's Air Defences

Larger Air Fleet Very Necessary, Says Manchester Guardian

The people of Great Britain are almost unanimous in supporting the Government programme for a larger air fleet. "It is not only necessary for this country," says the Manchester Guardian, "to have a two-power standard at sea, it is no less necessary now to have a one-power standard in the air. Looking at Europe as it is, not as one would like it to be or as a few years ago it might perhaps have been, made, who would dare to say that the Government, bitterly though one may resent the necessity, is rash, provocative, or extravagant in deciding to build an air force capable of holding its own against any neighbor which possesses a fleet demonstrably not intended solely for purposes of defence?"

Finely Balanced Doors

So finely balanced are the doors of the Bank of England that a clerk, by pressing the button under his desk can close them instantly and they can be opened only by special process.

Local and General Items

For funeral flowers phone 212, Crows' Nest Pass Undertaking Co.

The Passburg school has closed for a brief period of summer holidays.

Mrs. Thomas Barnes is visiting friends in Victoria and other B. C. coast points.

A new mail car arrived last week and will be in service between the depot and postoffice.

T. S. Dawson is responsible for the purchase of the seventeenth auto sold in Blairmore so far this season.

The beautiful Oddfellows' home at Pletou, Nova Scotia, was opened officially on the occasion of the Hector celebration.

The strike of coal miners in Cape Breton has been settled, after President Lewis told them, emphatically what's what.

S. Knapman and family motored to Lethbridge Sunday last. They returned to town on Monday, accompanied by Miss Smith, of Lethbridge.

A girl employee in a jam factory at Nelson lost a handful of hair, pulled out by the roots when her cap became entangled in a corveel.

Coleman has a spacious, attractive and conveniently located postoffice. Some changes and renovations have recently been effected by Postmaster Graham.

In the absence of Father Pilon, Roman Catholic services at Pincher Creek are being conducted by Rev. Father Bartlett, a young priest from Edmonton.

The Macleod and District Board of Trade will celebrate the coming of the Mounties on October 13th next. The Mounties set their first tents at Fort Macleod on October 13th, 1874.

By transplanting young trees up-side down so that the branches develop roots and the roots leaves, an English railway has produced smart shade trees in less time than ordinarily.

*Sam Moore returned to Coleman the early part of the week from a visit to Calgary and other points. Sam is thinking of turning over a new-leaf and expects to visit Carleton temple some time this week end.

J. S. D'Appolonia has secured the contract to build the new two-room addition to the Coleman central school. Work will be rushed so as to be ready for the opening of the fall term during the last week of August.

Rev. Peter Bryce, who has been chairman of the Ontario Mothers' Allowance Commission since its creation is understood to have tendered his resignation as chairman and to have accepted the charge of a Methodist church at Woodbine Heights, Toronto.

The usual charivari was accorded Mr. and Mrs. Mervin H. Pruden upon their arrival here at a late hour on Saturday evening from the west. Mr. and Mrs. Pruden enjoyed a run over the new Banff-Wintermore road. They have taken up residence in the Bestrie Apartments, where they are receiving the congratulations of their many friends.

Judge Jackson, of Lethbridge, presided at a sitting of the district court here on Tuesday, when appeals of M. Belecky and L. Dutil against the municipal assessment were heard. In each case a substantial reduction was secured. Gillis & Macdonald represented Mr. Belecky, while Mr. Pughnam appeared in behalf of the town. Mr. Dutil appeared in his own behalf. His Honor in handing down his ruling urged upon the town and school district the importance of making complete annual assessments and that the assessor should be well paid for his services and should on no count be influenced by the council or school board or anybody else.

The Lethbridge annual exhibition opens on Tuesday next and continues for three days.

Pincher Creek's annual agricultural fair and stampede will be held on August 15th and 16th.

Mr. and Mrs. W. Lord have as their guests Mrs. J. Atherton and daughter Florence, of Calgary.

J. P. O'Neill and family were visitors to Pincher Creek and Waterton Lakes on Sunday last.

Rev. J. McCartney Wilson, for six years pastor of Knox Presbyterian church, Calgary, has resigned to accept the position of lecturer at Robertson College, Edmonton.

General Francisco Pancho Villa, commander of rebel armies in northern Mexico for the past ten years, was shot and killed on Friday at Cantullo, Durango, by his secretary.

About one hundred people from the Pass visited Waterton Lakes on Sunday last, some remaining over night, others continuing to Cardston to visit the temple.

Plans for the removal of the Canadian National railway terminal from Lucerne to Jasper have been consummated and the necessary steps for carrying out the removal will be taken within a short time.

Roy McEachern, of Medicine Hat, second to Cyril Coffee, when he made the world's record for a hundred yard dash, will be in Coleman on Labor Day to compete in the sports. Jack Currie, well known Lethbridge athlete, will also be in Coleman on September the 3rd.

Ernie Arthur, middleweight wrestling champion of Canada, will entertain a contestant for the championship in the person of Yonge Rayner, of Fernie, in a bout to be staged at the Grand Theatre, Coleman, at 8 p.m., on Monday, July 30th. They will wrestle eight ten-minute rounds, under police gazette rules. Jimmie Bennis, of Coleman, is promoting the bout.

This heading appeared on a sport page of the Coleman Journal last week. As we are unable to masticate it with our false teeth we reproduce it for the benefit of those of our readers who are looking for tongue twisters: "There will be big sports at Coleman on Labor Day. Have your friends come to Coleman for September 3rd—Biggest day in Coleman's history. Program promises to be a maximum memorable and magnificent one of meritorious and marvellous merriment, startling, stirring and sensational, although surprisingly sane and safe."

Under the auspices of Hillcrest Local Union No. 1058, a grand concert will be given in the Union Hall at Hillcrest on the evening of Wednesday, August 1st, proceeds of which will go to the aid of the family of Mr. H. Eckmier. Mr. Eckmier has been ill and unable to work for a considerable time. Coupled with conditions brought about through illness, Mr. Eckmier was recently caused to mourn the death of his brother Earl, who was killed by a fall of rock in the mine.

A grand boxing exhibition will be staged at the Palace Theatre, Coleman, on the night of Wednesday, August 1st, when the famous Carpenter, Kids, of Medicine Hat, will appear. One of the boys, twelve years of age and weighing but sixty pounds, is open to box any boy in the world of that age and weight for a side bet of \$5000. These kids have boxed in all the principal cities of the United States and have become very popular. Jimmie Bennis, of Coleman, is promoting this exhibition, and promises to have his programme repeated at the Orpheum Theatre, Blairmore, on the following night, August 2nd.

BORN, at 10 o'clock this morning, to Mr. and Mrs. R. W. Harold Pinkney, a daughter.

Failure is often the vestibule of success, but don't loiter in the vestibule.

The town's grader is doing good work on the main highway through West Blairmore.

The man who writes you an anonymous letter and signs it "A Friend" is either a liar or a coward, and perhaps he is both.

Mr. and Mrs. R. J. Crooks and Mr. and Mrs. W. W. Scott visited Fernie on Sunday and were guests of Mr. and Mrs. J. Corbett.

"Stornfield," the old home of Samuel L. Clemens (Mark Twain) was destroyed by fire at Redding, Conn. on Wednesday.

The annual conference of the department of neglected children and mothers' allowances was held at Lethbridge the early part of the week.

J. R. Wood, of the Coleman branch of P. Burns & Co., was in Calgary this week, attending the annual convention of the Grand Lodge of Knights of Pythias.

It is announced that Jack Dempsey and Luis Firpo will meet in a world's championship bout at a date not yet decided. The bout will be held in the United States.

J. M. Fetter, jr., left this morning for the coast and south to California, after a week spent with old friends here. He expects to return to Louisville, Ky., about August the 10th.

Members of the provincial highways commission are touring southern portions of the province this week to locate definitely routes for certain main highways.

Our limit of achievement is the goal we set. The impossibility of yesterday is a probability today and a fact tomorrow. The word impossible is weakening.—Brooklyn Eagle.

The will of the late Emilio Piccarillo has been filed and provides for the equal division of his estate of about \$30,000 between his wife and seven children—or about ten thousand each.

A Detroit lawyer recently entertained a number of his clients at a garden party. The guests enjoyed the rare privilege of conversing with the host without paying a consultation fee.

Rev. H. Clay, formerly of this parish, but now in charge of Anglican mission work at Ods, accompanied by his brother, Rev. A. Clay, of Elmore, arrived in the Pass this week on a brief visit.

The good people of Coleman have our sympathy for having to endure the narrow, silly ravings of the one controlling the editorial quill of their paper, The Coleman Journal, which to all appearances is catering to a class instead of a community.

Since it became known that beer can be gathered from the waters of Crows' Nest Lake that place has become ever so much more popular as a holiday resort. Even some of the professed "drys" were seen dragging the lake on Wednesday.

Rev. Adelard Delorme, charged with the murder of his half-brother, Raoul Delorme, will have to submit to a second trial at the next session of the court of king's bench. The jury disagreed in the first trial, which concluded on Monday, and were discharged.

Two young lads of Bellevue ran amuck on Sunday night. Taking French leave of a car from Bellevue, they journeyed towards Coleman at a fast rate. Near the Pelletier townsite they tried to pass another car, the operator of which failed to dim his lights. As a result it was impossible to see the trail and the car went over a small embankment. The lads escaped practically unhurt, but were obliged to appear before the judge on Monday and pay a penalty. The car, belonging to J. H. Green, was considerably damaged.

DAIRYMAID GRAMMAR

Teacher—"Parse the sentence, Mary, milk the cow."

Pupil—"Mary is a noun; milks, a verb; cow, a pronoun, because it stands for Mary."

Teacher—"Oh, no; 'cow' doesn't stand for Mary."

Pupil—"If the cow doesn't stand for Mary, how can Mary milk it?"

DEATH OF MRS. HARLAN LANK

Mrs. Harlan Lank passed away in hospital at Calgary on Thursday of last week, following but a brief illness. Interment took place at Calgary on Saturday afternoon.

Mrs. Lank is survived by her husband and four small children, residing on the ranch, north of Lundbreck.

ST. LUKE'S ANGLICAN CHURCH

Services on Sunday, July 29th, will be as follows.

Celebration of the Holy Communion and Morning Service at 11, conducted by the Rev. Herbert Clay, rector of Ods, formerly of this parish.

Sunday School at 2:30 p.m. Evening Services at 7:30, to be conducted by the Rev. Harold Clay, rector of Elmore, and brother of the above.
